

I hold amateur service license W5JAG and am a member of the Bar of Arkansas.

The instant petition should be dismissed for the following reasons:

1) There is already in existence in the United States a comparable radio service, namely the Family Radio Service. Radios for this service are readily available throughout the United States at minimal cost. The needs, if any, of foreign travelers in the United States for low cost personal radio communications will be easily met by this existing service.

2. The potential for interference to the primary and secondary users of the existing radio frequency spectrum.

Edwin G. Dooley, Jr. W5JAG
